

Bike riding to School Song

(To the tune of "Party in the USA" by: Miley Cyrus)

I hopped off the bus at school one day and I just thought to myself...

Why can't I walk to school, when everyone takes the bus?

Jumped off my bike here I am for the first time, look to my right and I don't see a stop sign!

This could be really dangerous; I'm starting to get nervous.

My tummy's turning and the clock is ticking.

(Pause)

That's when I decided to write a letter, a letter to the mayor, a letter to the mayor, a letter to the mayor.

So I said please, please, please, please, please give us some crosswalks.

Sidewalks, and stop signs too.....

So we can reduce CO2

That would be really cool

Yeah, yeah, yeah, yeah lets go green everyday! (2 times)

PART 2

So I said yeah, yeah, yeah, yeah, yeah so many pedestrian signs.
